Dimension	See version table
Bar tube	Ø 32mm
Mounting flange	50x79 mm
Mounting flange thickness	3 mm
Snap flange cover	Ø 82 mm
Snap flange cover thickness	0.8 mm
Components & materials	<ul style="list-style-type: none"> • BR0600CSN: grab bar made of AISI 304 stainless steel tube, satin finish. • TUBING: made of 32 mm diameter tube, seamless construction. The bending process guarantees the uniformity of the diameter along the bends. • CONCEALED MOUNTING FLANGE: two units made of stainless steel AISI 304, 3 mm thick. Incorporates two Ø 6.5 mm screws holes for wall mounting. • SNAP FLANGE COVER: two units made of stainless steel AISI 304, 0.8 mm thick and Ø 82 mm. Each cover snaps over mounting flange to conceal mounting screws.
Mounting template	<ul style="list-style-type: none"> • 700-750 mm at lower point. • Fix the grab bar to the wall through the 2 holes of the mounting flanges to the wall, using the screws provided.
