

# Jaquar Group supports the government's Skill India initiative

## Vijaywada

Jaquar Group, the leading manufacturer of bath fittings in India, with a presence in over 30 countries, announced its partnership with the Dr. APJ Abdul Kalam Skill Development Institute in Vijayawada to run one of the most effective plumber training programmes.

In line with Prime Minister Narendra Modi's Skill India initiative, the partnership is focused towards training, skill development and empowerment of trained labour.

Mr. Rajesh Mehra, Promoter & Director, Jaquar Group said, "We are proud to partner with the Dr. APJ Abdul Kalam Skill Development Institute. Skill development is an important initiative driven by the Government and we believe that our current initiative of

training plumbers will support their overall vision and provide employment opportunities."

As part of the programme, Jaquar Group will train batches of 100 plumbers over a period of three months. The individuals will be

imparted the skills of a trained plumber through on ground teaching and execution of mock instances. Once the training is completed, the plumbers will also be given an opportunity to be part of the Jaquar Group community.
